V. Read the following passage and then choose the correct answer for each question below.

Every year students in many countries learn English. Some of these students are young children. Others are teenagers. Many are adults. Some learn at school, others study by themselves. A few learn English just by hearing the language in films, on television, in the office or among their friends. But not many are lucky enough to do that. Most people must work hard to learn another language.

Many boys and girls learn English at school because it is one of their subjects. They study their own language, and mathematics... and English. In England, America or Australia, many boys and girls study their own language, which is English and mathematics... and another language, perhaps French or German or Spanish.

Many adults learn English, because it is useful for their work. Teenagers often learn English for their higher studies, because some of their books are in English at the college or university. Other people learn English because they want to read newspapers or magazines in English.

24. **According to the writer**, _____

- A. only adults learn English. B. no children like to learn English.
C. English is useful only for teenagers. D. English is popular in most of the world.

- A. English can give them a job.
- B. it is included in their study courses.
- C. they are forced to learn it
- D. they have to study their own language.

27. **In America or Australia, many boys and girls study** _____

- A. English as a foreign language.
- B. English and mathematics only.
- C. such foreign languages as French, German and Spanish.
- D. their own language and another foreign language.

VIII. Quizz time! Let's choose the correct answers:

QUICK FACTS ABOUT COCKATIEL:

ORIGIN: Cockatiels are native to Australia

COLOUR: grey, white, yellow

SIZE: small: At 30 to 33 cm (12 to 13 in), the cockatiel is the smallest of the cockatoos which are generally larger at between 30 and 60 cm (12 and 24 in).

LIFE SPAN: The cockatiel's lifespan in captivity is generally given as 16 to 25 years, though it is sometimes given as short as 10 to 15 years, and there are reports of cockatiels living as long as 32 years, the oldest confirmed specimen reported being 36 years old. Spend at least 1 hour a day holding or playing with your cockatiel.

BEHAVIOR: They're intelligent enough to learn commands.

SOUND: Cockatiels are more inclined to whistle than talk. Male cockatiels are more likely to talk than females, and some can learn to speak a few words or phrases. Cockatiels tend to chirp rather than screech, and their relatively lower noise volume makes them a good apartment pet. Your cockatiel might chirp a contact call if you leave the room in an attempt to keep in contact with you.

INTERACTION: They are extremely social and enjoy daily interaction with their humans.

DIET & NUTRITION: parrot food.
