Bài 26: CHIA SỐ CÓ HAI CHỮ SỐ CHO SỐ CÓ MỘT CHỮ SỐ

(Tiết 1)

A vibrant, cartoon-style illustration of a garden. In the foreground, a pink rabbit with large ears and a happy expression is running along a winding yellow path. To the left of the path is a garden bed with several orange pumpkins and red radishes growing in dark brown soil. A wooden picket fence runs along the background of the garden. In the center, a large, light blue thought bubble with a yellow outline contains the text 'KHỞI ĐỘNG' in orange capital letters. The background features rolling green hills, a bright yellow sun with rays, and a blue sky with white clouds and several small white birds flying.

KHỞI ĐỘNG

$$\begin{array}{r} 23 \overline{) 54} \\ \underline{20} \\ 3 \end{array}$$

A

4 dư 1

B

4

C

4 dư 2

D

4 dư 3

Hoan hô
Các bạn thật giỏi!

$$\begin{array}{r|l} 12 & 4 \\ 12 & 3 \\ \hline & 0 \end{array}$$

A

3 dư 1

B

3 dư 2

C

3

Khám phá

Có 48 quả cà chua

Chia đều 48 quả cà chua vào 2 khay. Hỏi mỗi khay có bao nhiêu quả cà chua?

$$\begin{array}{r|l} 48 & 2 \\ \hline 4 & \\ \hline 08 & 24 \\ 8 & \\ \hline 0 & \end{array}$$

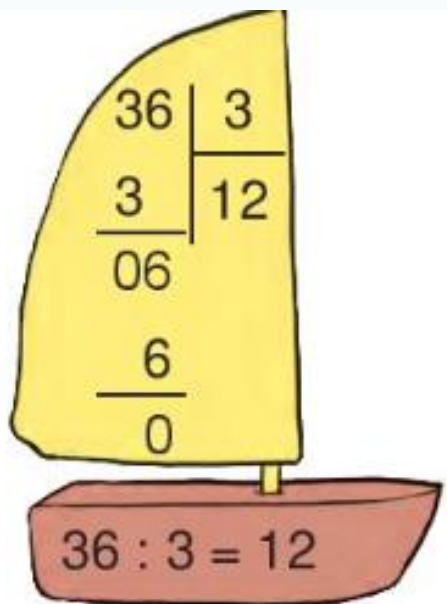

- 4 chia 2 được 2, viết 2.
2 nhân 2 bằng 4; 4 trừ 4 bằng 0
- Hạ 8, 8 chia 2 được 4, viết 4.
4 nhân 2 bằng 8; 8 trừ 8 bằng 0

$$48 : 2 = 24$$

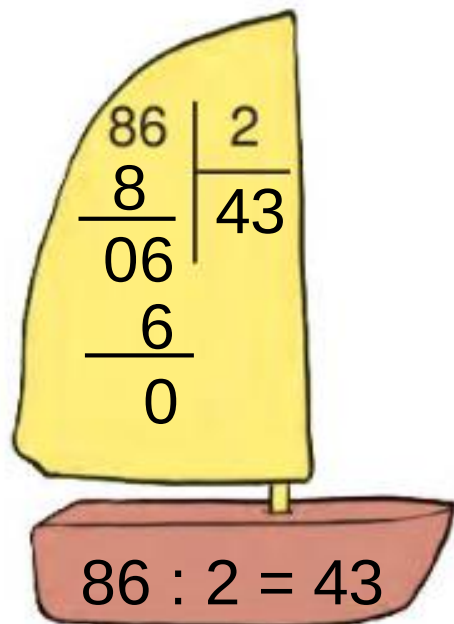

Hoạt động

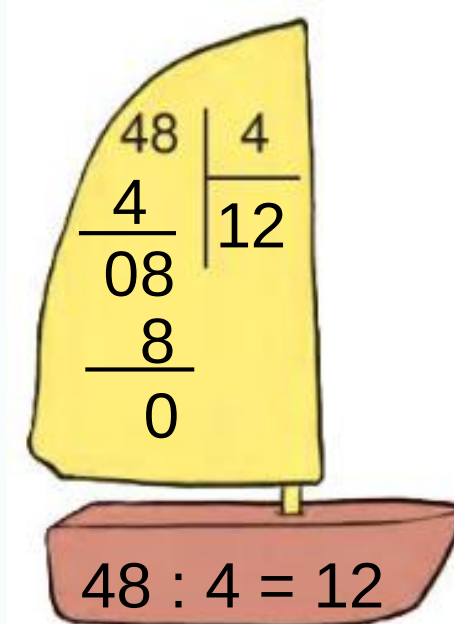

1 Tính

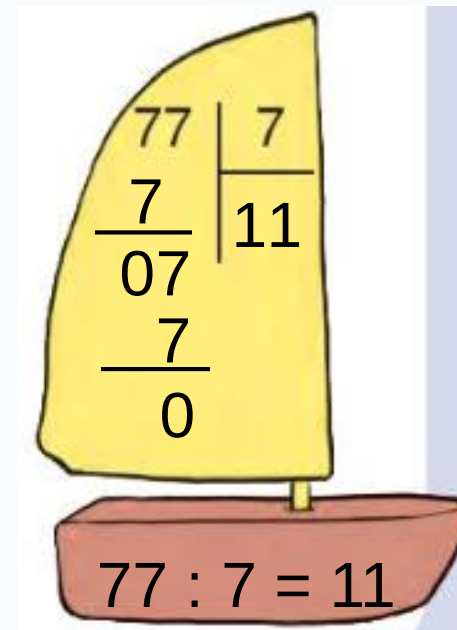

A yellow sailboat with a red hull. The sail contains a long division problem: 36 divided by 3 equals 12. The calculation is shown in three steps: 36 divided by 3 is 12, with a remainder of 0. The hull contains the equation $36 : 3 = 12$.

A yellow sailboat with a red hull. The sail contains a long division problem: 86 divided by 2 equals 43. The calculation is shown in three steps: 86 divided by 2 is 43, with a remainder of 0. The hull contains the equation $86 : 2 = 43$.

A yellow sailboat with a red hull. The sail contains a long division problem: 48 divided by 4 equals 12. The calculation is shown in three steps: 48 divided by 4 is 12, with a remainder of 0. The hull contains the equation $48 : 4 = 12$.

A yellow sailboat with a red hull. The sail contains a long division problem: 77 divided by 7 equals 11. The calculation is shown in three steps: 77 divided by 7 is 11, with a remainder of 0. The hull contains the equation $77 : 7 = 11$.

2 Tính nhẩm

Mẫu: $90 : 3 = ?$

Nhẩm: 9 chục : 3 = 3 chục

$$90 : 3 = 30$$

$$60 : 2$$

$$90 : 9$$

$$80 : 4$$

$$60 : 2$$

**THẢO LUẬN
NHÓM ĐÔI**

$$60 : 2 = ?$$

Nhẩm: 6 chục : 2 = 3 chục
 $60 : 2 = 30$

$$80 : 4 = ?$$

Nhẩm: 8 chục : 4 = 2 chục
 $80 : 4 = 20$

$$90 : 9 = ?$$

Nhẩm: 9 chục : 9 = 1 chục
 $90 : 9 = 10$

$$60 : 3 = ?$$

Nhẩm: 6 chục : 3 = 2 chục
 $60 : 3 = 20$

3 Tìm thừa số

$$63 : 3 = 21$$

$$55 : 5 = 11$$

$$42 : 2 = 21$$

$$84 : 4 = 21$$
