Who's faster ?

**means of
transport**

bicycle

UNIT 11: TRAVELLING IN THE FUTURE

Lesson 1 - GETTING STARTED

Objectives

1. Gain an overview and some vocabulary to talk about the topic *TRAVELLING IN THE FUTURE.*

2. Develop communication and team-work skills.

I. New word

Eco – friendly (adj) : Thân thiện với môi trường
/'i:.kəʊ.frend.li/

Fume (n) : Khói, khí thải
/fju:m/

Hyperloop (n) : Hệ thống giao thông tốc độ cao
/'haɪ.pərlu:p/

Teleporter (n) : Phương tiện di chuyển tức thời
/'tel.ɪ.pɔ:.tər/

Campsite (n) : Địa điểm cắm trại
/'kæmp.saɪt/

I. New word

New words	Pronunciation	Meaning
eco – friendly (adj)	/'i:.kəʊ, frend.li/	thân thiện với môi trường
fume (n)	/fju:m/	khói
hyperloop (n)	/'haɪ.pərlu:p/	hệ thống giao thông tốc độ cao
teleporter (n)	/'tel.ɪ.pɔ:.tər/	phương tiện di chuyển tức thời
campsite (n)	/'kæmp.saɪt/	địa điểm cắm trại

II. LISTEN AND READ

Minh: Oh, another traffic jam.

Ann: How will we get to the campsite on time now?

Minh: I don't know. It's a pity that we don't have a hyperloop now!

Ann: What's a hyperloop?

Minh: It's a system of tubes. You can go from one place to another in just minutes.

Ann: Amazing! Even faster than a flying car!

Minh: Yes, and there are no traffic jams.

Ann: Will it pollute the environment?

Minh: No. There will be no fumes, and it's totally safe.

Ann: Like a teleporter?

Minh: A teleporter is also fast, safe and eco-friendly. But it's a different mode of travel.

Ann: So when we travel in hyperloops, we won't have to worry about bad weather, right?

Minh: Right.

Ann: Sounds great! I hope we'll have them soon.

Ex 2. Listen and read. What are Ann and Minh talking about?

Minh: Oh, another traffic jam. 🗣️

Ann: How will we get to the campsite on time now? 🗣️

Minh: I don't know. It's a pity that we don't have a hyperloop now! 🗣️

Ann: What's a hyperloop? 🗣️

Minh: It's a system of tubes. You can go from one place to another in just minutes. 🗣️

Ann: Amazing! Even faster than a flying car! 🗣️

Minh: Yes, and there are no traffic jams. 🗣️

Ann: Will it pollute the environment? 🗣️

Minh: No. There will be no fumes, and it's totally safe. 🗣️

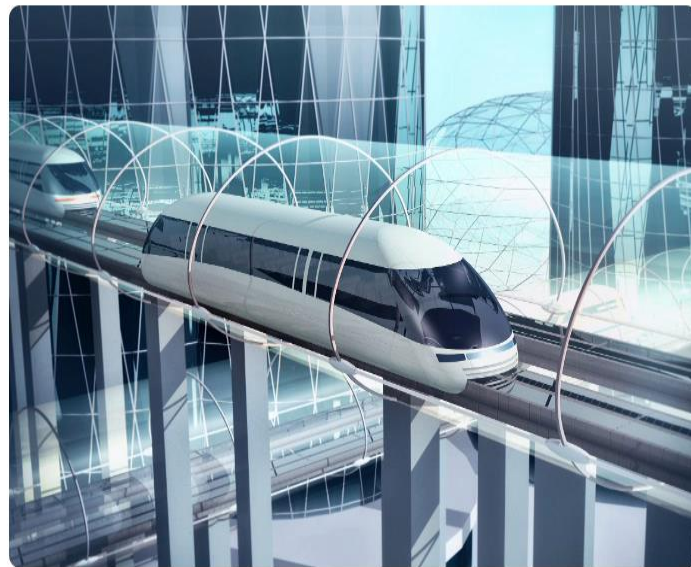

Ann: Like a teleporter? 🗣️

Minh: A teleporter is also fast, safe and eco-friendly. But it's a different mode of travel. 🗣️

Ann: So when we travel in hyperloops, we won't have to worry about bad weather, right? 🗣️

Minh: Right. 🗣️

Ann: Sounds great! I hope we'll have them soon. 🗣️

Ex 2. What are Ann and Minh talking about?

- A. Traveling by teleporter
- ✓ B. Future modes of travel
- C. Being in traffic jam

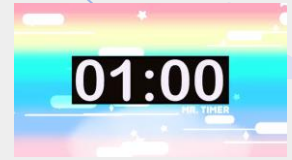

Ex 3. Work in pairs and tick T (True) or F (False)

	T	F
1. Ann and Minh are in a traffic jam now.	✓	
2. Ann and Minh are going to school.		✓
3. Ann knows a lot about hyperloops.		✓
4. Minh seems to know about different modes of travel.	✓	
5. They hope there will be hyperloops soon.	✓	

Ex 4. Work in pairs to pick out words / phrases describe these means of transport: **Hyperloop** and **teleporter** (P.115)

Minh: Oh, another traffic jam.

Ann: How will we get to the campsite on time now?

Minh: I don't know. It's a pity that we don't have a hyperloop now!

Ann: What's a hyperloop?

Minh: It's **a system of tubes**. You can go from one place to another in just minutes.

Ann: Amazing! Even **faster than a flying car!**

Minh: Yes, and there are **no traffic jams**.

Ann: Will it pollute the environment?

Minh: No. There will be **no fumes**, and it's **totally safe**.

Ann: Like a teleporter?

Minh: A teleporter is also **fast, safe and eco-friendly**. But it's a different mode of travel.

Hyperloop

Teleporter

Ex 4. Work in pairs to pick out words / phrases describe these means of transport (P.115)

a system of tubes

fast

faster than a flying car

safe

no traffic jams

eco-friendly

no fumes

safe

WHAT IS THAT VEHICLE ?

1. It has two wheels and you pedal it.

Bicycle / bike

2. It has four wheels. It runs on petrol or electricity, and can carry up to eight passengers.

Car

3. It carries many passengers and runs on tracks.

Train

4. It sails on the sea. It needs wind to sail.

Sail boat

5. It travels in space. It can even carry people to the moon.

Rocket / Spaceship

Future traveling

1. Work in pair in **2 minutes** to choose your favourite **traveling mode** in the **next 50 years**.
2. **Describe** the vehicle **with 3 sentences**
3. Come to the board to **say the sentences in turns** and have the **class guess** the name of your vehicle

Mode of travel that will be popular in the next 50 years?

Drone

Spaceship?

Flying car?

Rocket?

boat

Sky train?

Let's wrap up

1. Name 2 modes of transport that might appear in the future.

Hyperloop and Teleporter

2. Will there be traffic jams when using them.

No

3. Are they eco-friendly.

Yes

HOMWORK

- Practice more at home
- Do exercises in workbook-Unit 11.
- Prepare for the next lesson-Unit 11-
Lesson 2-A closer look 1.

THANK YOU
FOR YOUR ATTENDANCE
